

Pop Up Vaccination Sites – District 30

To make vaccines accessible to students ages 5-11, pop-up vaccination sites will be hosted at DOE buildings serving these students during the month of November. A vaccine vendor assigned by the NYC Vaccine Command Center will come to the building for one day in November to administer the Pfizer COVID-19 vaccine to eligible students ages 5-11.

Please see below for the dates and times when the vaccine clinic will be in the District 30 schools.

DBN	Main Building ID	Vaccine Clinic Date	Vaccine Clinic Time	Vaccine Clinic Provider
30Q002	Q002	11/9/21	12:30-4:00 PM	RRT
30Q010	Q010	11/10/21	12:30-4:00 PM	RRT

Frequently Asked Questions

Can members of the community get the vaccine at my pop-up vaccination site?

- Only students ages 5-11 can obtain the first dose of the vaccine at the pop-up site.
- Anyone age 12 and up can visit vaccinefinder.nyc.gov to choose from hundreds of sites across the city offering appointments or walk-up vaccines at no cost.

Will the provider return to the school for the second dose?

- No. The provider will refer families to a local vaccine site for students to receive their second dose.
- All necessary paperwork will be given to the parent/client at the time of first dose.

How does the provider obtain consent?

- Students ages 5-11 must be accompanied by a parent or legal guardian, or by an adult designated by the parent or guardian, while receiving their vaccine. This requirement is outlined in the Vaccine Family Letter and schools should accommodate parent and guardian admission to the vaccine site to accompany their student.
- If the student is accompanied by an adult who is not the parent or guardian, the vaccine provider must obtain verbal consent from the parent or guardian by phone at the time of vaccination.
- There is no consent form option for vaccination of students ages 5-11, as they must be accompanied by the parent, legal guardian, or adult designated by the parent or guardian at the time of vaccination.

Does the parent/guardian need to fill out the visitor screening in order to enter the building?

- Yes, the parent/guardian accompanying the student to the vaccination site should adhere to the [DOE's Visitor Policy and Protocol for Visitors](#).
- Any individual accompanying their child to get vaccinated against COVID-19 at a DOE vaccine site is not required to show proof of vaccination in order to enter the building for this purpose. Please inform your School Safety Agent of this visitor vaccine mandate exemption.
